KULAI: Johor PKR is expecting to introduce new faces, including some from central leadership to contest in the state in the coming general election.

The Johor PKR is set to take on eight parliamentary and, most likely, 12 state seats under the Pakatan Harapan coalition.

State PKR deputy chairman Jimmy Puah Wee Tse said the party was still planning its overall strategy but expected to see at least one or two candidates from the party's central leadership placed in Johor.

He also said PKR was optimistic and had full faith in its allies, including Parti Pribumi Bersatu Malaysia, that they would honour the Pakatan Harapan pact in their effort to win the election.
